EXTRICATION

Skills & Drills

Saturday April 27th 2019 9:00 a.m.

at the

B&W Towing Yard

701 Addison Road Painted Post, N.Y. 14870

This course incorporates team and confidence building skills while working with extrication tools. The program offers something for everyone. It exposes the beginner to new concepts and will be a challenging refresher for the experienced firefighter. This fast-paced Hands-on-Training is an excellent opportunity for female firefighters to come together and train hard. Meet other woman in the emergency services field, network and practice skills needed in firefighting.

Real World, Hands On Training
